Dear Parent/Guardian,

Drum lessons are available at The Froebelian School and spaces are available for September 2023.

In their first lessons pupils are taught how to build up a Rock beat and use it in a piece. This then becomes the foundation for learning new rhythms and how to play along to a variety of pop songs. We also learn how to read music and create rhythms. Pupils are given the opportunity to progress through a graded syllabus if they would like to take a drum kit exam.

It is not vital to own a drum kit to start with. Lessons can be applied at home with a practice pad or even everyday objects, such as a chair or pillows, to replicate a drum set. However, as your child develops their drumming skills it is highly recommended to buy them a drum set. Acoustic and electric kits are both suitable for practice and I am happy to give advice if you need help choosing an instrument.

Lessons are £185 per term based on a total of 30 thirty-minute lessons during the school year. You will need to provide drumsticks and a folder for your child. Sticks are relatively cheap, from around £7. Books for beginners start at around £12-15.

Please contact me to register your interest or if you have any questions.

Benjamin Stevens, Froebelian School Drum Tutor
