

Froebelian School  
Form I Newsletter  
Friday 17<sup>th</sup> November 2023

Our whole school ethos theme next week is:

**We try to solve problems.**

Dear Form I Parents,

This week in English, we continued our class story of "Charlie and the Chocolate Factory," exploring the narrative structures of well-known stories and look at common elements such as setting, characters, problems, and solutions. In Maths, our focus remained on addition and subtraction strategies using the column method, with an emphasis on recognising the place value of each digit. Science class was a global culinary journey, as we continued to look at the various food groups and examined how different cultures incorporate them into traditional meals. Continuing our chocolate unit in History, we learned about the origin of chocolate and the Aztec civilization, culminating in an engaging Art lesson where the children created their own Aztec Gods, drawing inspiration from the original Aztec drawings.

A heartfelt thank you for your unwavering support and presence at our class assembly on Thursday. The children were beaming with pride during their performance – as they should be! Your encouragement means the world to them and to us.

Kind regards,

Ms Connolly, Mrs Hanson and Ms Morley – The Form I team
