

The Froebelian School
Welcome to Remove
17th November 2023

Next week, our whole school ethos theme will be:

We Try to Solve Problems.

Dear parents and carers,

Well, I am sure you feel like you know the Nativity by now. We are trying to keep most of it a secret as it is such a special time for the children in Remove and you as parents. The rehearsals are in full swing and it is so lovely to hear how confident the children are becoming. I do need you to keep going over the words and asking your child to put expression into their lines. We have enjoyed various activities this week to help us thinking about being a good friends after we had a wonderful assembly to start our Anti bullying week.

Homework

I have included a game and sheet on Seesaw all about 'Odd and even numbers'.

As always keep working on TT Rockstars – Arena, if you find that your child would benefit from not having the timer go on Jamming as the timer can be switched off on this.

Please complete the test corrections using the purple polishing pen.

Changes to the Tests – Please correct the errors using the purple polishing pen each week.

Monday – Spellings

On a **Tuesday** we are going to start alternating between a timetables and Mental Maths test each week. Next week we will be doing a mental maths test.

Young Writers

It was so lovely to hear that all children got their poems published in the poetry competition. Certificates will follow shortly. Please check the email from Mrs Souter.

In English the children have been writing letters to Father Christmas, with a focus on what to write in each section. First of all, introduce yourself followed by what you are wishing for with a description followed by how good we have been. We have been looking at detail and some punctuation. In grammar we have been looking at adverbs – these are words used to change, describe, or add more information about a verb in a sentence. He walked **quickly**.

In Maths the focus continues on place value, this week we have been looking at counting in 2s, 5s, 10s and 3s. This has finished the place value topic. Next week we move onto addition and subtraction.

Calendar Dates

Monday 20th November – FPTA Wreath making

Friday 24th November – Pre- Prep Pantomime – Robin Hood (In school)

We hope you all have a lovely weekend.

Kind Regards,

Kimberley Sibson & Kelsey Beaumont
